

A SPYDERCRANE Mini-Crawler is a mini-crane that has been designed and built for working in low access confined areas either indoors or outdoors. It is mounted on a dual track chassis with "spider-type" legs for its outriggers.

SPYDERCRANES are revolutionizing many industries by offering a flexible and versatile crane that while strong enough to lift up to 6.6 tons\*, can be used where a conventional truck mounted crane or carry-deck crane will not have access due to its size.

Height

WHAT IS A Spydercrane

> UNIC Der**crane**

As the North American Distributor of SPYDERCRANES, Smiley Lifting Solutions has a wide range of mini-crawler cranes available. Whether your jobs are small or large, there is a SPYDERCRANE model that is the perfect fit. With a wide range of engine types and accessories available, we can provide you with a SPYDERCRANE to fit your exact needs. \* Based on specifications of the URW706 SPYDERCRANE

Wireless Radio Remote Control

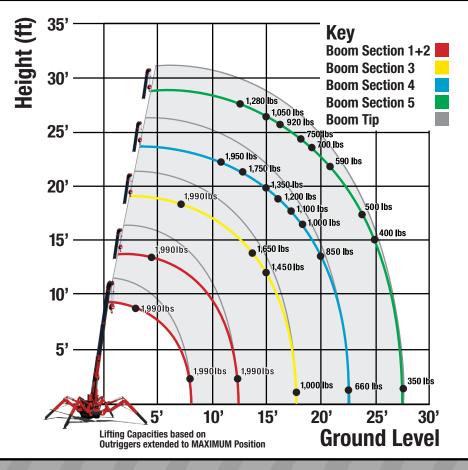

## LOAD CHARTS

Lifting capacity varies depending on outrigger configuration and boom length and angle.

BOOM SECTION	BOOM SECTION 1 EXTENDED   BOOM SECTION 1 + 2 EXTENDED									
Working Radius (ft.)	3	4.5	5	6	7	8	10	11	12.58
